Guidelines for Individual School Selected BS, MS, DNP, and Early PhD
Student Poster Presentations

Development of Poster

- ENRS will provide a numbered **4-foot (width)** by **4-foot (height) board** section to post your presentation.
  - **Important** – if your poster exceeds the space, we cannot guarantee you will be able to present as we the boards are designed to host two papers side by side.

- Abstract title, author(s), and institution should be placed at the top of your poster board in large lettering. The abstract title should be about 1 inch high; authors and institution should be about 1 inch high.

- Your abstract will be listed in the ENRS 36th Annual Scientific Sessions Book of Proceedings and the conference mobile app; however, we also recommend that you post a large-type copy of your abstract in the upper left corner of your board so that attendees may easily refer to it. See example format on the next page.

- Please use large type size that can be easily read at a distance of 6 feet.

- Be sure graphs and charts can be easily read at a distance of 6 feet.

- All materials should be printed on thin paper or poster paper. **Keep in mind that a heavy board may be difficult to keep in place on the display.**

- Materials may be mounted using pushpins, Velcro or thumbtacks. Pushpins will be provided. If you wish to use other mounting materials, you must supply your own.
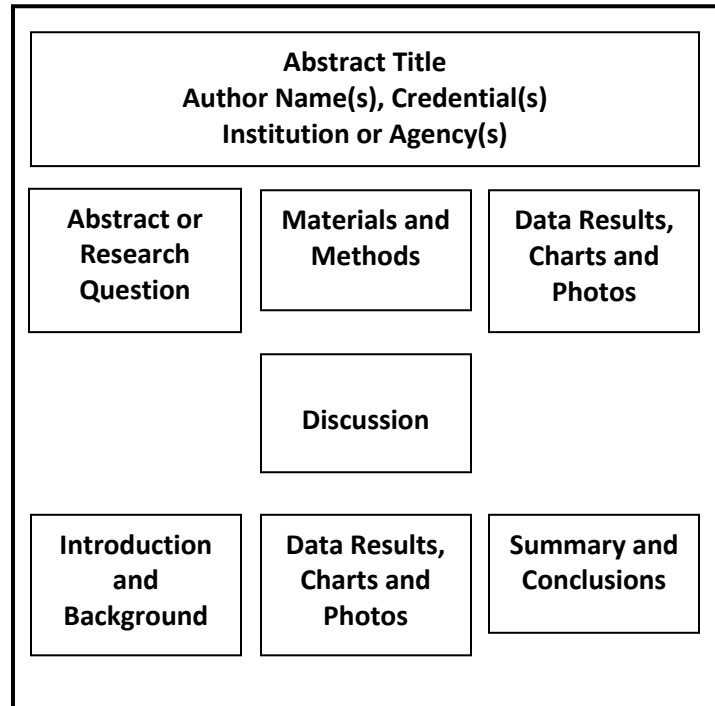

Other Information

- A numbering system will allow you to locate your poster presentation. The number of your display board will correspond with the number of your abstract title as it appears in the final onsite program. You will be e-mailed your poster number by the end of March.

- Presenting authors are expected to be present at your assigned poster board during the scheduled presentation time.

- You are encouraged to have handouts and/or business cards ready to distribute during the poster session. Approximately 50 handouts are recommended.

- All posters must be set up no less than **one hour prior** to the scheduled presentation time. See the conference schedule on scheduled set up time.

- **Posters must be removed within 30 Minutes of the conclusion of the scheduled presentation time**. Your display board will be used by other presenters and as such, it is a courtesy to others to observe your assigned set-up and dismantle times. ENRS cannot take responsibility for materials that may be discarded if they are left behind.

- No audiovisual equipment will be available.

- Please do not write directly on or mark the poster boards.

Proposed Poster Format for BS, MS, DNP, and Early PhD Student Poster Presentations

4 feet wide

| Abstract Title |
| Author Name(s), Credential(s) |
| Institution or Agency(s) |

| Abstract or Research Question | Materials and Methods | Data Results, Charts and Photos |

| Discussion |

| Introduction and Background | Data Results, Charts and Photos | Summary and Conclusions |

4 feet high
