

Military & Veteran Health Research Interest Group

Mission

As global leaders in nursing, we continue to provide excellence and value in health care by providing military and veteran-centered, evidence-based care. We strive to provide military service members, Veterans and their families with the highest quality care by leveraging evidence-based practice, industry-leading research and innovative care models.

Goals

1. Provide forums for discussion and critique of members' work (papers, grants, abstracts, etc.)
2. Facilitate collaboration (publications, presentations, studies, secondary data analyses)
3. Serve as research advocates and mentors
4. Facilitating sharing of diverse ideas and resources for those service Veterans across the spectrum of Health System.
5. A body of mutual supporters across the spectrum in promoting Military and Veteran Health

Nurses interact with Veterans in Every setting!

MVH RIG

- ♦ Focus on Military Service Members and Veterans across all communities ~ academic and clinical
